The Nigerian Institute of Social and Economic Research (NISER) has awarded the Joint Admissions and Matriculation Board (JAMB) a high rating for its exceptional organisational culture. This recognition was announced during NISER's recent quarterly series on Actualising Behavioural Change (ABC), held in Ibadan, Oyo State. In the previous edition of the ABC series for 2024, JAMB was highlighted as a case study during a session chaired by the

esteemed accountant, Mr. Foluso Phillips, with a keynote lecture delivered by Dr. Emmanuel Imafidon from the Lagos Business School.

During his opening remarks, the session chairman commended JAMB for its exemplary performance among government agencies. He referenced NISER's 2023 research report on "Organisational Process Mapping and Office Engagement," conducted at JAMB's National Headquarters in Bwari, Abuja. The report revealed that JAMB has successfully repositioned itself in terms of its behavioural organisational culture, emphasizing that its services to the nation and the host community are driven by a commitment to public good rather than personal or sectional interests.

Dr. Imafidon, in his presentation, highlighted the importance of trust in integrating professionals from diverse backgrounds within an organisation that has a clearly articulated vision and culture. He pointed out the complexities

# NSCDC REITERATES COMMITMENT TO SECURING JAMB'S CRITICAL INFRASTRUCTURE

In preparation for the upcoming 2025 Unified Tertiary Matriculation Examination/Direct Entry (UTME/DE) registration exercise in Ekiti State, the Nigeria Security and Civil Defense Corps (NSCDC) has reaffirmed its commitment to protecting the lives and critical infrastructure of JAMB in the state.

This commitment was reiterated on December 3, 2024, during a courtesy visit by Ekiti State Coordinator Mr. Olukayode Dada to the State Commandant of the Corps, Dr.

Oluwaseun Sosina, at his office in Ado-Ekiti.

During his address, Mr. Dada explained that the purpose of the visit was to update the Corps on the preparations for the forthcoming 2025 UTME/DE registration exercise and to discuss areas of collaboration to avoid past mistakes.

He praised the State Commandant for the warm welcome extended to him and his team and urged him to maintain the existing partnership with JAMB.

In response, Commandant Sosina expressed appreciation for the trust that JAMB has placed in the Corps. He shared that the Corps has trained and will continue to train its operatives to enhance service delivery.

He also encouraged JAMB, particularly in Ekiti State, to persist in its efforts to sensitize the large population of prospective candidates and other stakeholders to prevent conflicts during the registration process.

# FARVIEW VISION CARE VISITS JAMB UYO, OFFERS FREE EYE SCREENING

The Akwa Ibom State Coordinator, Mrs. Grace Olima-William, on Thursday, 12th December, 2024, welcomed a reputable eye care facility in Uyo to the State Office as part of her initiatives to boost access to affordable health care for staff of the State Office with special emphasis on their eye care needs.

In her welcome address to the Medical Team led by the Programme Coordinator of the Fareview Eye Centre, Uyo, Dr. Victory Udom, Mrs. William stated that people go blind

on account of ignorance, which could in turn affect productivity at the workplace. She stated, therefore, that routine eye examination is to our eyes, what a regular health checkup is to our body. She urged everyone to undergo regular eye examinations to guard against avoidable blindness.

Dr. Udom, in his remarks, expressed appreciation to the Board for giving his facility the opportunity to interface with its staff to ensure a better and healthier eye care regime going forward.

The highlights of the visit included the

series of prescriptions for the treatment of various eye conditions that were discovered by the visiting optometrists. Recommendations were made for the procurement of various eye glasses to correct such sight defects as short-sightedness and long-sightedness while bifocal and photochromic lenses, anti-refractive glasses for night driving, among others, were also made available at a discounted rate for interested members of staff.

One of the panelist, Prof. Oka Obono also emphasized the need for a strong focus on personnel productivity, stating that a

In his remarks, the Registrar, Prof. Is-haq Oloyede, thanked the critical stakeholders for their services at all times.

According to him, the purpose of the training was to update the participants on the modalities for the 2025 accreditation of centres exercise, particularly in terms of ensuring that new centres meet the required specifications.

The training, which was anchored by the IT Consultant, Mr. Damilola Bamiro, took the participants

through the criteria and guidelines for centre accreditation. He stated that the training was important in view of the new features of the test deployment mechanisms. In addition, he acquainted them with the procedures on how to fill online accreditation forms, which are cardinal to the success of the 2025 UTME.

### ...Doing Admissions Right is Non-Negotiable - Abdulhameed

Prof. Timothy A. Anake; and Chrisland University, Abeokuta, Prof. Oyedunni Arologun.

According to the Coordinator, processing admissions through the Central Admissions Processing System (CAPS) is the only way to achieve credible admissions. He added that the ongoing confirmation of all admissions processed outside CAPS between 2017 and 2020 as submitted by affected institutions would not have been necessary if the right process was followed. He stressed that the confirmation of admissions done illegally even before 2016 must also be confirmed regardless of the situation of the database of the admitting institutions. He, therefore, enjoined the officials to adhere to all advisories issued by the Board on

the admission process.

The Vice-Chancellor, Chrisland University, in his reaction, sought clarifications on transferred students.

The Head, Matriculation Monitoring Unit, Mrs. Kafayat Ibiwoye, explained that students in the Local Transfer category must have spent a session or more in a university before seeking transfer to another that is willing to admit them. She explained further that the original year of admission must not be overlooked as any course the proposed institution is giving the student must be an accredited course in the year the student gained admission. She attributed the failure of some students to attain Local Transfer as a result of this error. On the other hand, she stated that Foreign Transfer is

the movement from a foreign university to another one in Nigeria and the student must also have spent a session or more before transferring. In both considerations, a candidate must be placed at a level where they must remain for two sessions before graduating.

In his contribution, the Vice-Chancellor, Covenant University, Prof. Anake, said going through the history of Covenant University, he discovered that the institution won an award for "Compliance with Admission Guidelines" in the 2020 edition of NATAP-M organised by the Board. He, therefore, expressed his desire to ensure compliance with all advisories not just because he would love such to be recorded during his administration but because doing so is the only way.

## OFFICE OF THE REGISTRAR

No. 2024ff.04

6<sup>th</sup> May, 2024

### **MANDATORY USE OF THE NATIONAL IDENTIFICATION NUMBER (NIN) FOR REGISTRATION WITH JAMB BY CANDIDATES APPLYING FOR NON-REGULAR PROGRAMMES**

**This Advisory is issued to all the concerned institutions, and candidates desirous of applying to study under the non-regular mode of study in tertiary institutions in Nigeria.**

As part of measures to checkmate the nefarious activities of fraudulent characters, who are scheming to compromise candidates' records through dubious registration channels and in compliance with its enabling act, JAMB has mandated that all applicants desirous of studying in Nigerian tertiary institutions must provide their NIN while registering for any programme of study in any tertiary institution in Nigeria irrespective of whether the mode of study is **regular and non-regular**.

2. Consequently, it has now become mandatory for all prospective candidates in the **non-regular category (NOUN, Distance Learning, Part-time and Sandwich programmes)** to create a profile code, before registering with JAMB, by sending their NIN, through their unique phone number to either of the Board's sort code (55019 or 66019).
3. Immediately after the creation of profile, each candidate will proceed to a CBT Centre for registration. After the registration, the candidate's details will appear on the CAPS of the institution of choice under non-regular admission. The institution will then propose and recommend to the Board for approval and the candidate will accept and print admission letter.
4. Furthermore, all previous candidates in the non-regular programmes, who had not integrated their NIN or unique phone number on the Board's platform, would have to create a profile using their respective NINs to access any of the services of the Board.
5. No candidate can use the process to change any of the data already supplied to the Board.
6. JAMB, as a responsive organisation that is conscious of the peculiarities of the non-regular studies, will continue to make the registration process as flexible as possible by making its platform available throughout the year. It is, therefore, expected that candidates, who fall under this category, will apply through JAMB before approaching their preferred institutions to process their admission with their respective JAMB registration numbers. They would also be expected to pay their preferred institution a processing fee as determined by the respective institutions.
7. Please be guided for compliance.
