27th May, 2025

MINISTERIAL DIRECTIVE REGARDING THE MENACE OF 'MIRACLE CENTRES' IN THE EDUCATION SECTOR AT THE SECONDARY SCHOOL LEVEL

JAMB hereby updates its regulations with the following ministerial directives:

2. In accordance with sections 5(1) (c) (iv) and 6 of the JAMB Act, the Hon. Minister of Education, Dr. Tunji Alausa, has directed that:

- any school/CBT centre involved in examination malpractice and/or acting as a miracle centre should be derecognised for a number of years. The duration will be determined by the examination body;
- if any school/CBT centre is derecognised by any examination body, other sister examination bodies should follow suit and derecognise the same school/CBT centre for the same number of years to run concurrently. This will send a very strong signal to operators of these miracle centres;
- student(s) involved in examination malpractice should be barred from sitting for any external examinations in Nigeria such as those conducted by WAEC, NECO, NABTEB, etc, for three years using the instrumentality of NIN. Such a stringent measure will serve as a deterrent to other students and parents.

This directive is also in accordance with Section 16(2) of the Examination Malpractices Act, which states: "An examination body may, in the exercise of its powers under this section, circulate the name of an offending candidate, supervisor, invigilator, official, school, or examination centre to other examination bodies, which may impose similar punishment."

3. This is for the information of the general public particularly candidates and their parents

JAMB REGISTRAR MONITORS TETFUND EXAMINATIONS

The Registrar of the Joint Admissions and Matriculation Board (JAMB), Prof. Is-haq Oloyede, has monitored the promotion examination conducted by the Board for Tertiary Education Trust Fund (TETFund) staff. During the examination, Prof. Oloyede expressed his gratitude to TETFund, the Nigerian Maritime Administration and

Contd in Pg 2

REPRINT OF EXAMINATION MESSAGES IN CIRCULATION NOT FROM JAMB

The Joint Admissions and Matriculation Board (JAMB) wishes to draw the public's attention to misleading messages circulating via a spoofed version of its 66019 shortcode. These messages instruct candidates—some of whom have already sat for the resit examination and received their results—to reprint their examination slips for a resit examination. We categorically state that these messages are not from JAMB. There are

Contd in Pg 7

...JAMB Registrar Monitors TETFund Examinations

Safety Agency (NIMASA), and other agencies for their continued confidence in JAMB's credibility and their ongoing collaboration with the Board.

Commending TETFund for its proactive decision to engage JAMB, Prof. Oloyede affirmed that the Board is committed to providing exceptional examination services to

those who value integrity and trust in the examination process.

Reflecting on the challenges faced by the Board this year, Prof. Oloyede emphasized that while he accepts responsibility for the events that transpired, this does not excuse any stakeholder, including Board staff, from neglecting their duties. He assured that the Board would take

appropriate action against any dereliction of duty.

He reiterated his commitment to exploring innovative methods for conducting examinations and expressed satisfaction that, despite the challenges encountered, there were no reports of examination leakage or similar issues.

JAMB CANVASSES SUPPORT AGAINST DIGITAL EXAMINATION FRAUD ...Says Over 3,000 Cases Under Investigation

The Joint Admissions and Matriculation Board (JAMB) has called for a more radical approach to tackling the menace of digital examination fraud in the country.

The Registrar, Prof. Is-haq Oloyede, made this call recently in Abuja. He described the new trend as not only worrisome and sophisticated but also one that is capable of jeopardising the future of education in the country while adversely affecting learning, research work and national development.

The Registrar underscored the need for urgent action on these new and worrisome discoveries and urged the public not to treat the issue with levity. While noting that some people rather than addressing the menace, are dissipating their energies on spreading unhelpful conspiracy theories and hatred

while our future is being jeopardised by these new crop of sophisticated digital fraudsters

"During the 2025 examinations, further high-level malpractices were uncovered, which led to the withdrawal of some results and the arrest of several culprits across the country.

"These unwholesome practices include: collusion of certain CBT centre/school proprietors to hack the networks of targeted CBT centres, thereby gaining control of candidates' computers and remotely submitting their responses to the relevant local servers of the compromised centres as recently discovered by security agencies, to whom we are profoundly grateful."

Other high-tech digital fraud according to Oloyede, included AI-enabled photo blending of candidates with those of their

impersonators, many of whom are current undergraduate students; registration with combined fingers, through combination of fingerprints from multiple persons for a single candidate's registration; and extension of Local Area Networks (LAN) from some dubious centres to remote "strong rooms" as well as pairing of candidates with professional mercenaries for the purpose of gaining access to the examination hall.

The Registrar, while lamenting that many undergraduates of tertiary institutions are found to be involved in this nefarious practice, disclosed that over three thousand candidates nationwide have been identified as either accomplices or beneficiaries of this extraordinary examination fraud.

JAMB THANKS SISTER EXAMINATION BODIES, SECURITY AGENCIES, STAKEHOLDERS

The Joint Admissions and Matriculation Board (JAMB) has expressed gratitude to sister examination bodies for accommodating the Board's 2025 UTME resit examination within their tight schedules.

The Registrar, Prof. Is-haq Oloyede, also thanked security agencies, critical stakeholders for their invaluable contributions to the success of the resit examination.

In a message to sister examination bodies, the Registrar thanked them for their show of support and

cooperation and cited the National Examinations Council (NECO), the West African Examinations Council (WAEC), The Teachers' Registration Council of Nigeria (TRCN) and Ahmadu Bello University (ABU) for graciously agreeing to reschedule their respective examinations.

The Registrar also extended his appreciation to the security agencies for their support and commendable efforts in apprehending culprits involved in examination malpractice. He also commended the resilience of the

candidates.

Furthermore, while thanking the government and the good people of Nigeria for their patience and understanding, assured the nation of the Board's sincere and dedicated service at all times.

EDUCATION IN THE MEDIA

BLUEPRINT, WEDNESDAY, MAY 28, 2025: UTME: JAMB Disowns Messages Directing Candidates To Reprint Examination Slips: - The Joint Admissions and Matriculation Board, (JAMB), has distanced itself from circulating messages urging candidates to reprint their examination slips for another resit examination.

According to the Board, the misleading messages coming via a "spoofed version" of its 66019 short code urged candidates, who already sat for the resit and received their Unified Tertiary Matriculation Examination, UTME, results, to reprint their slips. Also in Guardian, Wednesday, May 28, 2025; Daily Post, Wednesday, May 28, 2025

GUARDIAN, WEDNESDAY, MAY 28, 2025: 4,169 Teachers Fail, 8,705 Pass TRCN Professional Examination: - No fewer than 4,169 teachers across Nigeria failed the 2025 Batch 'A' Professional Qualifying Examination (PQE) conducted by the Teachers Registration Council of Nigeria (TRCN).

The Director of Certification and Licensing at the Council, Dr. Jacinta Ezeahurukwe, disclosed this in a statement announcing the results of the nationwide examination.

According to her, 13,782 candidates registered for the examination, but only 12,874, representing 93.4 per cent, participated, while 908

candidates, or 6.6 per cent, were absent. Of those who took the test, 8,705 candidates, or 67.62 per cent, passed, while 4,169, representing 32.38 per cent, failed the examination.

Dr. Ezeahurukwe gave a breakdown of the performance of some states, noting that Lagos State led with an impressive pass rate of 80 per cent, followed by Edo State with 73.3 per cent, Niger State with 69.2 per cent, and the Federal Capital Territory, FCT, with 68.3 per cent.

SAHARA REPORTERS, THURSDAY, MAY 29, 2025: WAEC Blames Three-Hour Exam Delay, 9PM Finish On Measures To Prevent Paper Leakage: - The West African Examinations Council (WAEC) has apologised for the delay in the conduct of the English Language Paper II and III in the ongoing 2025 West African Senior School Certificate Examination (WASSCE).

Candidates across several centres expressed frustration after the paper, originally scheduled for 4pm on Wednesday, May 28, did not commence until 7pm and ended by 9pm. Many of the candidates had concluded the Oral English (Paper I) in the morning and waited for several hours for the second and third papers, only for the materials to arrive late in the evening.

LEADERSHIP, THURSDAY, MAY 29,

2025: Students Escape Death As Classroom Collapses During WAEC Examination In Taraba: - Final year students of Government Secondary School, Namnai in Gasol local government area of Taraba State, on Wednesday escaped death when a classroom building where they were writing WAEC examination collapsed following a heavy downpour. The students and teachers, including supervisors and corps members serving in the school were trapped in the collapsed classrooms and it took hours of efforts by residents of the community to rescue them.

Some of the students, including males and females, sustained various degrees of injuries while some had fractures on the legs, hands and arms. Eye-witness account explained that the incident occurred at about 6pm on Wednesday, few minutes after the students began the exams when heavy rainfall accompanied by wind storm started in the town. Also in, Punch, Thursday, May 29, 2025;

PREMIUM TIMES, THURSDAY, MAY 29, 2025: Education Minister Visits Abuja School, Restates Commitment To Computer Based Assessment: - The Minister of Education, Dr. Maruf Alausa, has stated that the President Bola Tinubu administration is fully committed to strengthening the integrity of

Contd in Pg 5

...Education in the Media

examinations in the country through the adoption of Computer-Based Testing.

The minister stated this on Wednesday when he visited Start-Rite Schools in Abuja as part of his oversight mission to monitor the implementation of CBT module in senior secondary school assessment.

The visit coincides with the ongoing West African Senior School Certificate Examination (WASSCE), with Start-Rite Schools being one of the pilot centres selected for the landmark transition to digital assessments.

Prior to the minister's visit, two weeks ago, a delegation from the West African Examinations Council (WAEC) comprising board members and senior officers had praised Start Rite School's "impeccable conduct, sound infrastructure, and readiness." Dr. Alausa, accompanied by members of his team and received by school leadership, toured the school and observed students in real-time as they wrote their English examination using the CBT system.

NAIRAMETRICS.COM, THURSDAY, MAY 29, 2025: FG Introduces HND Programs In AI, Cybersecurity, Software Engineering To Align With Global Tech Trends: - The Federal Government has introduced new Higher National Diploma (HND) programmes in Artificial Intelligence (AI), Cybersecurity, Software Engineering, and Networking as part of a broader plan to modernise Nigeria's technical education system.

The Executive Secretary of the National Board for Technical Education (NBTE), Prof. Idris Bugaje, who revealed this noted that the initiative is aimed at aligning Nigeria's education sector with global technological advancements

and the demands of the Fourth Industrial Revolution.

Prof. Bugaje described the move as a major milestone in the efforts of President Bola Tinubu's administration to equip young Nigerians with relevant digital skills for the modern economy. "We have unbundled the traditional HND programmes into more specific skill areas. This is already being implemented, and under the Nigeria Skills Qualification Framework (NSQF), we are offering more specialised training modules in areas like AI, cybersecurity, and networking," Bugaje said.

Beyond curriculum changes, Bugaje said the NBTE has also integrated digital tools into its governance and oversight processes. According to him, one key innovation is the deployment of a digital accreditation platform powered by AI to monitor academic standards, prevent faculty duplication, and curb malpractice in polytechnics.

NAIRAMETRICS, THURSDAY, MAY 28, 2025: WAEC CBT: Nigeria Won't Fully Meet Computer Based Test Infrastructure Needs By November - Alausa: - The Federal Government has admitted that Nigeria may not be fully equipped with the necessary infrastructure to implement Computer-Based Test (CBT) examinations for the West African Examinations Council (WAEC) by November 2025.

Minister of Education, Dr. Tunji Alausa, gave the update while monitoring the ongoing WAEC CBT examination in Abuja. He noted that while the transition to digital examination systems is already underway, the country faces significant challenges, especially in deploying infrastructure to remote locations.

"Are we going to be ready to provide every single needed infrastructure by

November? Absolutely not. "But as we move into the future, we will be ready. We have to challenge ourselves as a government," the minister stated.

Dr. Alausa praised WAEC's initiative to pioneer the CBT model, describing it as a bold step toward curbing exam malpractice and modernising Nigeria's education system. According to him, the government remains committed to fully transitioning the country's examination system to digital formats by 2026. "We are working very hard to eliminate fraud in our exam system, and WAEC is taking the lead," he said.

NAIRAMETRICS, THURSDAY, MAY 28, 2025: FG Announces N45,000 Monthly Stipend For Technical College Students Nationwide: - The Federal Government of Nigeria has announced a monthly stipend of N45,000 for students enrolled in technical colleges across the country, in a move to revamp the Technical and Vocational Education and Training (TVET) sector.

The initiative was disclosed by the Executive Secretary of the National Board for Technical Education (NBTE), Prof. Idris Bugaje, during an interview with the News Agency of Nigeria (NAN) in Abuja as part of the assessment of the second-year administration of President Bola Tinubu.

Prof. Bugaje said the initiative would fast-track the development of technical education and expand student enrollment at the sub-tertiary level. "With this, young people will find it more attractive to come to a technical college, acquire skills qualifications, get jobs locally and even beyond the borders of Nigeria."

"This way, the whole sector is being repositioned. We are at the moment

...Education in the Media

facing what you may call either a resurrection or a rebirth of TVET," he said.

LEADERSHIP, FRIDAY, MAY 30, 2025: Senate Hails Tinubu's Education Reforms, Backs 3 New Varsity Bills: - The Senate has commended President Bola Ahmed Tinubu for his administration's efforts in expanding access to higher education through the establishment of new federal universities across the country. The commendation was made by the Senate Committee on Tertiary Institutions and TETFund during a public hearing in Abuja.

The event focused on three critical bills proposing the establishment and amendment of several federal tertiary institutions. Chairman of the Committee, Senator Muntari Dandutse, praised the president's commitment to educational development, noting that the creation of new universities aligns with the administration's vision as it marks two years in office.

"I want to sincerely appreciate the President for his efforts in advancing the educational sector in this country," he said. The three bills under consideration are: A bill to upgrade the Federal College of Education (Technical), Asaba, to the Federal University of Technology, Asaba, Delta State, the Federal College of Education (Special), Karaye, Kano State (Establishment) Bill and the Federal University of Education, Gumel, Jigawa State (Establishment) Bill.

He said the bills reflect a collective desire to expand access to quality education and enhance academic training nationwide. He explained that the Federal University of Technology Act (Amendment) Bill, 2024 seeks to revise existing laws to reflect global best practices, thereby strengthening the capacity of universities of technology to meet

their core mandates in research, innovation, and manpower development.

LEADERSHIP, FRIDAY, MAY 30, 2025: NSC, Education Ministry Launch Joint Committee To Revitalise School Sports: - In a significant development marking a new chapter for sports in Nigeria, the National Sports Commission (NSC) and the Federal Ministry of Education (FME) have inaugurated a Joint Committee on Sports and Education. This strategic body is tasked with the vital integration of education into Nigeria's grassroots sports development framework.

This collaborative initiative underscores a renewed commitment to establishing school sports as a cornerstone for national talent discovery, educational policy, and social transformation. It responds boldly to the urgent need for a structured system that allows young Nigerians to pursue both academic and athletic excellence without compromise.

The objectives of the Joint Committee include the formulation of strategic plans for grassroots and school sports, the establishment of Sports Centres of Excellence across Nigeria's six geopolitical zones, and the enhancement of existing collegiate competitions such as NUGA, NICEGA, NIPOGA, the Principal's Cup, and the NSSF.

LEADERSHIP, FRIDAY, MAY 30, 2025: Federal Gov't Declares Free Education For Technical College Students: - The Federal Government has announced that students in both federal and state technical colleges will now enjoy free education.

According to the government, the package includes free tuition, accommodation, feeding, and a monthly stipend of N22,500 for each student.

Minister of Education, Dr. Tunji Alausa, made the announcement during the launch of the Technical and Vocational Education and Training (TVET) programme in Abuja, on Friday.

Dr. Alausa explained that the initiative is aimed at attracting more young people to TVET and encouraging them to acquire relevant skills that will make them productive members of society.

NATION, FRIDAY, MAY 30, 2025: UI Names Postgraduate Building In Honour of Late Professor: - The University of Ibadan has named its Postgraduate College Administrative Building in honour of a foremost scientist, seasoned educationist, and one of Nigeria's most distinguished scholars, Late Professor Sanya Dojo Onabamiro.

The Vice-Chancellor, Professor Kayode Adebawale said the University immortalised Onabamiro's name on the edifice to etch his legacy into the very fabric of the University and reaffirm the commitment of the institution to honouring those who helped to lay the foundation for its academic excellence.

He said Professor Onabamiro was not just an academic colossus but a titan, a trailblazer in parasitology, a visionary educator and a dedicated public servant whose contribution to the University of Ibadan and the broader academic community remained indelible.

The Vice-Chancellor stated that Professor Onabamiro's pioneering research brought pride to Nigeria and advanced global scientific knowledge while his dedication to education, mentorship, and nation building remains a shining example for the academia and beyond.

...Reprint of Examination Messages in Circulation NOT from JAMB

currently no scheduled examinations, and candidates who have successfully completed the resit examination and received their results need not be concerned. Such messages are fraudulent and intended to sow confusion.

The only examination that JAMB is planning to conduct, which has yet

to be scheduled, is the foreign examination held in nine countries across Europe, the Middle East, and certain African nations. Additionally, there will be a mop-up examination for candidates who missed the main and resit examinations and have been granted waivers only for 2025 to participate in the usual mop-up

for those who experienced biometric failures.

We urge the public to disregard these deceptive messages. Those qualified for the mop-up examination, as specified, will be duly notified once preparations are finalised.

COORDINATOR EKITI STATE JAMB OFFICE LOSES MOTHER

It is with deep sorrow that we (JAMB Bulletin Team) announce the passing of Mrs. Roseline Iroghama Dada, mother of Mr. Olukayode Dada, the Ekiti State Coordinator of the Joint Admissions and Matriculation Board (JAMB). Mrs. Dada peacefully departed this life in her sleep on Sunday, May 25, 2025, at the age of 84.

Mr. Dada, who serves as a Deputy Director and leads the Ekiti State Office, has been receiving an outpouring of condolences from friends, colleagues, and well-wishers. The JAMB community has come together to extend their support and sympathies during this challenging time.

Mrs. Dada's enduring legacy will live on through her family, as her memory continues to inspire all who had the privilege of knowing her.

She is survived by her husband, children, grandchildren, and siblings. Her family finds solace in the knowledge that she leaves behind a legacy of love, care, and devotion. May her gentle soul rest in peace.

NO MORE STEPPING DOWN OF RANK FOR STAFF INVOLVED IN ANY MISDEMEANOUR

The management of the Joint Admissions and Matriculation Board (JAMB) has resolved, following its review of the 2025 Unified Tertiary Matriculation Examination (UTME), that henceforth any staff member involved in misconduct will face the full extent of the prescribed penalties. There will be no intermediate punishment of demotion/stepping down in rank. This means that if the stipulated penalty is dismissal, such a staff member will indeed be dismissed. This decision stems from the Board's

commitment to ensuring that all staff entrusted with responsibilities take their duties seriously. Just as the Board has taken a firm stance against candidates and centre operators found to have breached the operational code of the conduct of the UTME, so too will it hold its staff accountable.

This resolve aligns with the Board's determination to combat the emerging trends of infractions identified during the administration of the 2025 UTME. As is customary with the Board, charity must begin at home.

The Minister has issued a directive to all examination bodies to activate all clauses and provisions contained in the Examination Malpractice Act to serve as a deterrent. His position is clear: unless drastic measures are taken, those intent on undermining education in Nigeria will prevail. He reiterated that he will not be the Minister of Education while allowing such occurrences.

The management of the Board urges all staff to act with caution in light of this renewed commitment to combating infractions.

GLOWING TRIBUTES FOR LATE CHIEF SAMUEL ADEKUNLE OJO

The ancient town of Igboho, Oyo State, stood still on Saturday, 31st May, 2025, as Chief Samuel Adekunle Ojo was laid to rest at his country home, Oke Afin, Igboho. He was aged 89 years.

The Late Chief Ojo is the father of oth Mr. Clement Adetayo Ojo, Public Affairs and Protocol (PAP) Unit and Mrs. Florence Adelayo Makinde of the Board's SERVICOM Unit.

At a funeral service held at the First Baptist Church, Igboho, the presiding Minister, Rev. (Dr.) Stephen

Adediran, extolled the virtues of Chief Ojo, whose life, according to him, was renowned for his numerous acts of kindness and philanthropy to others.

He urged the congregation, his friends, associates and his children, in particular, to keep Chief Ojo's legacies alive.

In their tributes, Mr. Clement Ojo and Mrs. Makinde described Chief Ojo as a kind father with a heart of gold, a religious and community leader, who had positively impacted many lives within and outside his community

adding that his demise had created vacuum that would be hard to fill.

Tributes were also taken from families, in-laws, friends, business associates, and traditional institutions where he held the prestigious title of Sobaloju of Igboholand.

Staff of PAP and SERVICOM Unit as well as their numerous friends from within and outside the Board were on ground to solidarise with the family.

PROF. IS-HAQ O. OLOYEDE, 

Registrar/Chief Executive

OFFICE OF THE REGISTRAR

No. 2024ff.04

6th May, 2024

MANDATORY USE OF THE NATIONAL IDENTIFICATION NUMBER (NIN) FOR REGISTRATION WITH JAMB BY CANDIDATES APPLYING FOR NON-REGULAR PROGRAMMES

This Advisory is issued to all the concerned institutions, and candidates desirous of applying to study under the non-regular mode of study in tertiary institutions in Nigeria.

As part of measures to checkmate the nefarious activities of fraudulent characters, who are scheming to compromise candidates' records through dubious registration channels and in compliance with its enabling act, JAMB has mandated that all applicants desirous of studying in Nigerian tertiary institutions must provide their NIN while registering for any programme of study in any tertiary institution in Nigeria irrespective of whether the mode of study is **regular and non-regular**.

2. Consequently, it has now become mandatory for all prospective candidates in the **non-regular category (NOUN, Distance Learning, Part-time and Sandwich programmes)** to create a profile code, before registering with JAMB, by sending their NIN, through their unique phone number to either of the Board's sort code (55019 or 66019).
3. Immediately after the creation of profile, each candidate will proceed to a CBT Centre for registration. After the registration, the candidate's details will appear on the CAPS of the institution of choice under non-regular admission. The institution will then propose and recommend to the Board for approval and the candidate will accept and print admission letter.
4. Furthermore, all previous candidates in the non-regular programmes, who had not integrated their NIN or unique phone number on the Board's platform, would have to create a profile using their respective NINs to access any of the services of the Board.
5. No candidate can use the process to change any of the data already supplied to the Board.
6. JAMB, as a responsive organisation that is conscious of the peculiarities of the non-regular studies, will continue to make the registration process as flexible as possible by making its platform available throughout the year. It is, therefore, expected that candidates, who fall under this category, will apply through JAMB before approaching their preferred institutions to process their admission with their respective JAMB registration numbers. They would also be expected to pay their preferred institution a processing fee as determined by the respective institutions.
7. Please be guided for compliance.

JOINT ADMISSIONS AND MATRICULATION BOARD

...Enhancing Academic Excellence

ADMISSION INTO THE NEWLY ESTABLISHED UNIVERSITIES AFTER 2024 REGISTRATION

The Joint Admissions and Matriculations Board (JAMB) is by this advert informing candidates who are seeking admission for the 2024/2025 academic session and who registered with JAMB for the 2024/2025 session that there are some Universities established after the 2024 registration that will be willing to offer admission to such candidates.

- The Universities are also available for 2025/2026 session. The candidates are advised to utilize the change of institution service in any CBT Centre to change to the University, if they so wish.
- The Universities and the courses offered are listed in the table below:

S/N	UNIVERSITY NAME	PROGRAMME OFFERED
a)	KWARA STATE UNIVERSITY OF EDUCATION, ILORIN, KWARA STATE	BUSINESS EDUCATION
		ENTREPRENEURSHIP
		EDUCATIONAL TECHNOLOGY
		EDUCATIONAL MANAGEMENT

- For emphasis, any eligible candidate willing to seek admission in the listed Universities is advised to apply for a change of institution as his/her first choice.
- In addition, the universities concerned are urged to re-advertise the statement and inform the candidates of the offer and the process.
- It is important to emphasize that none of the universities is allowed to admit any person or student who did not apply to JAMB for the 2024/2025 admission session. No regularization or condonement of illegal admission will be allowed.
- For further clarification, you can contact the Director, Admissions through your institution's Desk Officer or CAPS Mail.
- Be guided.

Signed

Prof. Is-haq O. Oloyede CON, FNAL
Registrar

RECOMMENDATIONS OF THE COMMITTEE ON IMPROVEMENT OF THE QUALITY OF EXAMINATIONS IN NIGERIA

The Committee tasked with the improvements of the quality of examination in Nigeria has presented an eleven-point recommendation to the Honorable Minister of Education, Dr. Tunji Alausa. In accepting the report, the Honorable Minister expressed gratitude to the committee, which is chaired by the Registrar of the Joint Admissions and Matriculation Board (JAMB), for its comprehensive approach that included all relevant stakeholders. He assured that the implementation of these recommendations would be prioritized.

The Committee recommends as follows:

1. All documents, including certificates, registration and result slips, etc., should contain NIN, photograph and date of birth to guard against identity theft and impersonation.
2. All Invigilators and Supervisors must register through NIN and subscribe to the Examination body's Short Code, using the same pattern of 55019/66019 of JAMB in order to track and have full information about the examination officials, including examiners, supervisors and invigilators.
3. Swapping Invigilators and Supervisors, not candidates, should commence with effect from the 2025 private SSCE due to the strong views against student swapping expressed by the four concerned examination bodies (WAEC, NECO, NABTEB and NBAIS) pertaining to security, logistics and the fact that centre details are traditionally printed on candidates' certificates.
4. Except where absolutely impossible, Invigilators and Supervisors should always be public officials/teachers on pensionable appointments.
5. The standard requirements of examination halls/centres should not be waived for any school, while the recommended seating arrangement should be 1.5m by 1.2m. or 1.8 sqm per candidate.
6. All examination halls and centres should be equipped with stationary CCTV cameras for surveillance and monitoring purposes. In addition,
 - a. every examination centre shall have a mini control room where the CCTV camera is monitored for urgent and immediate alert;
 - b. all the four concerned examination bodies shall jointly own central control facilities for their use during their examinations to save cost; and
 - c. body camcorders should be deployed to examination halls and centres for effective monitoring.
7. At the point of entry into Basic School, every pupil must generate a unique code which is linked to his/her NIN which must be identified with the pupil throughout his/her educational journey in Nigeria.
8. The Federal Ministry of Education should interface with the National Assembly to enact an Act to establish a National Examination Malpractice Court/Tribunal for prompt prosecution of examination malpractices to serve as deterrent for others.
9. The non-implementation of the 1999 Examination Malpractice Act suggests either a lack of political will or non-implementation. Consequently, the Committee recommends a review of the Act in such a manner that it can be immediately implemented to curb examination malpractice.
10. The Committee endorsed the policy directive of the Honourable Minister that, rather than wait till 2027 as initially suggested, the CBE should be implemented for objective questions in 2025 private examinations and in full for school candidates in 2026.
11. The 30% Continuous Assessment component in the Senior Secondary Certificate Examinations has become a veritable source of corruption in the examination system due to the fraudulent process of inputting the scores in arrears. It is therefore recommended that the Nigerian Educational Research and Development Council (NERDC) and any other FME agency, which must have recommended the policy for the approval of the National Council on Education (NCE), should immediately be requested to review the Continuous Assessment System for the purpose of reducing or eliminating its abuse.

The committee comprises a diverse group of stakeholders, including representatives from the Joint Admissions and Matriculation Board (JAMB); Federal Ministry of Education; West African Examinations Council (WAEC); National Examination Council (NECO) and National Business and Technical Examinations Board (NABTEB). Others are National Board for Islamic Studies; Commissioners of Education; Vice Chancellors of Universities; All Nigeria Confederation of Principals of Secondary Schools; National Union of Teachers; Principals of Federal Unity Colleges (FUCs); National Association of Proprietors of Private Schools and National Parents-Teachers Association of Nigeria.

DEPLOYMENT OF STAFF

The Management of the Joint Admissions and Matriculation Board (JAMB) has approved the reassignment of the following staff to new roles and responsibilities.

S/N.	NAME	RANK	CURRENT DUTY POST DESIGNATION	NEW DUTY POST	REMARK

PROHIBITION ON CBT CENTRES FROM COPYING OR RETAINING CANDIDATE DATA

In order to avoid prosecution for violating the provisions set forth by the Nigeria Data Protection Commission (NDPC), all Computer-Based Test (CBT) centres and their operators are advised against copying or retaining the data of

candidates who registered for the Unified Tertiary Matriculation Examination (UTME) or those who sat for examinations at their centres. Possessing candidates' data without authorisation constitutes a breach of data protection laws. Any centre

found in possession of such data will be subject to legal action, as ignorance of the law is no defence. The Board issues this notification to ensure that all centres are fully aware of their obligations regarding data protection.

ATTENTION!!!
