COVID-19 VACCINATION: NPHCDA VACCINATES OLOYEDE AND JAMB STAFF

The Registrar of the Joint Admissions and Matriculation Board(JAMB), Prof. Is-haq Oloyede being vaccinated at the Board's headquarters in Bwari.

The campaign to curb the spread of the Covid-19 pandemic received a boost with the administration of the AstraZeneca vaccine to members of staff of the Joint Admissions and Matriculation Board(JAMB) by officials of the National Primary Healthcare Development

Agency(NPHCDA) recently.

The team, led by the Director of Primary Healthcare, Bwari Area Council, Dr Ugorji Sunday, was at the Headquarters of the Board in Bwari in furtherance of the

DISCLAIMER: "WE ARE NOT RECRUITING INVIGILATORS" - JAMB

The attention of the Joint Admissions and Matriculation Board (JAMB) has been drawn to the activities of criminal elements who claim to be recruiting invigilators on behalf of the Board for the 2021

UTME/DE while also requesting the payment of acceptance fee of N5,000 payable to the syndicates.

The Board wishes to state unequivocally that it is not recruiting any invigilator or any official in that capacity for that

matter. It should be noted that even the term "invigilator" is alien to the Board's operations and advises the public to be wary of anybody purporting to be acting on its behalf.

The Board also wishes to reiterate that if

campaign against the pandemic. As customary with any new invention or discovery, the efficacy of the Covid-19 vaccine has been trailed with scepticism by some Nigerians.

The Director of Primary Healthcare, in an interaction with JAMBulletin, explained that the fears associated with the administration of the vaccine were largely unfounded, among other issues.

Dr Dumbo allayed the fears of the staff on the various speculations being bandied around about the perceived side effects of the vaccine, saying that the vaccine is not only safe but also that its administration could help build up herd immunity thereby curtailing the spread of the virus.

Dr Dumbo commended the current leadership for uncommon leadership style which saw the Registrar patiently waiting for the vaccinators to administer the vaccine.

Dr Dumbo shared his experience in the art of vaccination, the benefits inherent in its practice and what to do in the event of any seeming reaction to the administration of the vaccine.

He also lauded the warm reception accorded his team by the Board noting that turnout was unprecedented and had prompted the Agency to ask for more personnel to fast track the exercise.

He said, "I can say without fear of contradiction that this is one of the few places where we were so overwhelmingly accepted. If you have any questions or doubts, ask us or any of our practitioners and we will gladly enlighten you. We are always available to ensure that people are not only protected from the ravages of the virus but also that their families are protected.

On the essence of the vaccination against the backdrop of reservations being expressed in some quarters, Dr Dumbo said, "The imperative of the vaccination exercise aligns with the popular saying that 'prevention is better than cure. What the vaccination does is to improve and stimulate the body to produce antibodies so that even when infected by the virus, the complications that are associated with the disease would not be there."

He also said, "The vaccinations began in some countries since December last year and research has shown that those who were infected after taking the vaccine didn't suffer any effect. They were all right after a short period. That is why it is important now to vaccinate everybody so that we can build what we call "Herd Immunity". Herd immunity is having 70% of the people immunized. It is then we can be assured that even if the disease comes, the circulation among the people

would be greatly reduced. I know people would say, why would I be vaccinated If I can still contract the disease? But like I said, it is to avoid you getting the disease in its extreme form even if you do contract it. This is to say that even if you do get the disease there won't be any complication. I also know that people ask, why the vaccines were developed that fast when there are other problems in the world today? If you observe, you'll see that malaria is a burden to mainly the developing nations but Covid-19 affected the whole world, so the world came together and was able to develop so many vaccines at the same time. However, the one we are currently giving you here is the Astrazeneca vaccine. We have the Moderna vaccine, Pfizer vaccine etc. All are effective and even research has shown that taking the first dose of the vaccine without taking the second dose, can give you protection against the infection but if you do get infected, the chances of you developing complications are greatly reduced."

On the classification of age limit and those whom the vaccine can be administered on, the healthcare provider expert said, "For now it is restricted to people from 18 years and above but all those with underlining conditions like

EDUCATION IN THE MEDIA

THISDAY, MONDAY, MAY 3, 2021- UTME 2021: JAMB Denies Targeting Baptist Girls Academy:

The Joint Admissions and Matriculation Board (JAMB) has stated that the incident that happened during an inspection of the ongoing 2021 UTME registration exercise in the Southwest could not have been a plan to clamp down on Baptist Girls Academy, Lagos but to clarify the issue of mismatch of candidates' data from the students. The Board explained that the issue of mismatched data occurred as a result of group registration by the authorities of some elite schools who collect a huge amount of money from parents in the name of helping them to facilitate their wards' registration.

The Board frowns at this explaining that its examination is not a group-based exercise like WAEC or NECO, as the candidates are expected to register individually.

PUNCH, MONDAY, MAY 3, 2021- FUOYE Council Found Ex-Registrar Wanting- VC:

The Vice-Chancellor, Federal University Oye-Ekiti, Prof. Abayomi Fasina, has announced that he had nothing to do with the sacking of the institution's former registrar, Mr Olatunbosun Odusanya rather that Odusanya was sacked by the University's Governing Council.

Fasina advised Odusanya "To stop misleading the public over events leading to the termination of his appointment by the FUOYE Governing Council headed by Dr Mohammad Yahuza."

Recall that the registrar was suspended from office on April 20, 2021, to pave the way for investigation into allegations of misconduct levelled against him.

DAILY TRUST, THURSDAY, MAY 6, 2021- Accelerated Education: FG Says Over 8,000 Learners Enrolled in Borno:

The Executive Secretary of Nigerian Educational Research and Development Council (NERDC), Prof. Ismail Junaidu, has said the piloting of the Accelerated Basic Education Programme (ABEP) initiated to tackle the out-of-school syndrome which began in 54 centres in Borno has enrolled over 8,000 learners. He said, "Preliminary result from the piloting shows that the programme is indeed a way out from the menace of out-of-school children and youth in Nigeria."

The Federal Government, in partnership with the European Union (EU), has introduced ABEP to enable disadvantaged children between 10 and 18 years to have access to basic education.

Presenting the programme to the Minister of Education, Mallam Adamu Adamu, in Abuja recently, Junaidu said, "It is being implemented by a project consortium including Plan International, Save the Children and others. The programme will reduce to the barest minimum the number of out-of-school children in Nigeria. The target groups for the programme are those who never started schooling and are over-aged to start from the foundation." **Also, in ThisDay, Thursday, May 6, 2021, Nation, Thursday, May 6, 2021**

THISDAY, THURSDAY, MAY 6, 2021- Sanwo-Olu Inaugurates LASU/Cornell Varsity Collaboration on Professional Certificate Programmes:

The Lagos State Governor, Babajide Sanwo-Olu recently launched a collaboration between the Lagos State University (LASU) and an American based University, Cornell University, New York for 16 professional certificate programmes.

Speaking during the virtual launch ceremony, the governor stated that the establishment of LASU/Cornell University Postgraduate Professional Certificate

Programmes would give prospective students across the country an opportunity to gain global skills and professional expertise that would not only make them relevant and employable but also relevant in the 21st-century digital economy.

He said the decision to collaborate with Cornell University, rated as one of the best leading universities in the world, was borne out of the desire to sustain LASU's present pedigree and high academic profile as the second-best university in Nigeria and one of the best 600 in the world.

DAILY TRUST, THURSDAY, MAY 6, 2021- NECO Releases 2020 External Results, Records 6,465 Examination Malpractices:

The National Examinations Council (NECO) has released the results of the 2020 Senior School Certificate Examination for External Candidates. The council announced that it has recorded 6,465 examination malpractice cases against 17,004 cases recorded in 2019.

Announcing the results at the Council Headquarters in Minna, Niger State capital recently, the Registrar/Chief Executive, Prof. Godswill Obioma, disclosed that a total of 41,459 candidates registered, out of which 39,503 sat the examination.

The NECO boss explained further that a total of 26,277 candidates obtained five credits and above including, English Language and Mathematics, while 34,014 candidates also obtained five credits and above irrespective of English Language and Mathematics.

The Registrar who reiterated the Council's zero tolerance for examination malpractice noted that appropriate standards and excellence were maintained right from the planning stage to the release of results. He noted that the reduction in the level of malpractice

NATION, THURSDAY, MAY 6, 2021- The JAMB/UNIABUJA Admission Brouhaha: In this write-up, Mr Akin Owolabi, takes a look at the role of the Joint Admissions and Matriculation Board. He says it will be dangerous to allow the university to have

its way as that would have the potency of disrupting the already streamlined method of admission into the more than 740 higher educational institutions in Nigeria.

The writer calls out the university not to go contrary to the laws guiding the establishment of JAMB and should not be allowed to go unchecked. He said, "We should all admit that admissions into Nigeria's tertiary institutions have never been so streamlined in Nigeria, a situation which drastically changed from

worse to better and is still improving phenomenally since the assumption to the office of the Registrar of JAMB, Prof. Is-haq Olanrewaju Oloyede, in 2016. He also says what UNIABUJA and other institutions whose names are yet to be made public have embarked upon a risky project that is tantamount to making a barefaced attempt to throw a spanner in the works of tertiary institutions' admission system in the country."

"WHY WE ARE IN JAMB" - VC, UNIVERSITY OF OFFA

L-R: Prof. Adebayo Lawal, VC, University of Offa; Prof. Is-haq Oloyede, Registrar, JAMB and Mr. Salaudeen Oyewale, Ag. Director of Academic Planning, University of Offa during a courtesy call on the Registrar of JAMB.

The desire to forge a clear path for the newly-approved University of Offa, Kwara State, may have informed the leadership of the institution to undertake a visit to the Board's National Headquarters, Bwari.

The Vice-Chancellor of the University, Prof. Adebayo Lawal, who led top Management staff of the institution, informed his host, the JAMB Registrar, Prof. Is-haq Oloyede, that the Offa-based University was in JAMB to intimate the

Board of the letter of approval from the National Universities Commission (NUC) for the university to commence operations.

The Vice-Chancellor pointed out that the University had paid similar courtesy visits to critical stakeholders and bodies in the education sector to start on a sound footing.

He also informed the JAMB Registrar that the courtesy visit would allow the University to learn the rudiments of operational procedures for admission to enable it to admit high calibre students.

The Professor of Language Education and Curriculum Studies commended the Registrar for the good works charging the hitherto unsavoury narrative of JAMB. He described

himself as part of the JAMB family and expressed his determination to stamp his feet on the sands of time by taking the University to an enviable height in line with the dreams of its founding fathers.

In his remarks, the JAMB Registrar commended the Vice-Chancellor for taking the right step in the right direction and advised him to continue to live above board by maintaining the credibility that propelled his appointment.

He urged the Vice-Chancellor to bring to bear his wealth of experience at the University of Ilorin when he held sway as the Deputy Vice-Chancellor to advance the frontiers of the new university.

He urged the erudite scholar to see himself not only as a Vice-Chancellor but also a special adviser to the proprietor who might not be in the field of education but only has the passion to improve and develop the education sector.

2021 UTME: FUSION OF NIN IN REGISTRATION EXERCISE A WISE DECISION AS JAMB NABS IMPERSONATOR

The decision by the Federal Government to acquire the National Identification Number (NIN) as a prerequisite for the 2021 Unified Tertiary Matriculation Examination (UTME) and Direct Entry (DE) registration exercise is a welcome development.

This is because the incorporation of NIN into the UTME registration process has begun to yield positive result as it has led to the arrest of a 'mercenary' who was

engaged to register and eventually sit the examination for another candidate.

The arrested examination taker could have succeeded if not for the NIN fusion that exposed him when the original candidate's details popped up through the NIN he had provided.

Mr Terhemmen Salvation, a tutorial school teacher, had come to the Professional Registration Centre (PRC) on Friday, 7th May 2021, to register for the ongoing 2021 UTME/DE on behalf of one Sesan

Obasa using Mr Obasa's NIN. However, unknown to him, the system had been integrated with the National Identity Management Commission (NIMC) database to pull the details of candidates once their NIN had been inputted.

Consequently, as the registration officer keyed in the supplied NIN, the system pulled the picture of Mr Obasa which was different from that of Mr Salvation who had come to register as Mr Obasa.

Candidate then provides his/her name, phone number and the nature of the complaint, selects a complaint area on a drop-down and then summarises the nature of the complaint. He/she should also attach supporting documents (if available). Complaints from 3rd parties are merely noted. Letter writing is not encouraged. Rather all complaints should be channelled through the ticketing system for prompt attention and documentation.

...DISCLAIMER: "We Are Not Recruiting Invigilators" - JAMB

for any reason the Board wishes to recruit permanent or ad-hoc staff such as invigilators or any other officials, it has in place, a transparent and foolproof process of doing so.

This notice is to ensure that the public is not hoodwinked into parting with their hard-earned resources on the premise of securing non-existing jobs with JAMB.

Consequently, the Board urges the public not to fall prey to the antics of these

fraudulent elements as the Board has not authorized any person or group of persons to act on its behalf for any business including recruitment.

The Board will also appreciate it if such persons are reported to security agencies to ensure that our society is cleansed of unwholesome characters and cheats.

It should also be noted that owing to the nature of the Board's operations, many dubious individuals have cultivated the

habit of placing different kinds of advertorials for one service or another in the name of the Board without authorization.

Therefore, to ensure that the public is not misled, the Board has provided several platforms for the public to verify any information purported to have been released by it to save the public from being misled.

...COVID-19 VACCINATION: NPHCDA Vaccinates Oloyede And JAMB Staff

diabetes, hypertension, typhoid fever, sickle cell, HIV and other ailments can also take the vaccine. They are the people that when they get the disease, come down easily because their body immunity is already weak. So, we advise everybody to come out and take this vaccination. It is not against fasting; it is not painful and it doesn't affect you even if you have not eaten. We are appealing to people to note that there would be a second dose which dates have been written in the cards given to all persons vaccinated so that they could let us know when the date for the second jab is due or go to the nearest health centre available to have the second jab."

In the event of any complaint, Dr Dumbo said, "Those vaccinated could take advantage of the information provided in the card given to them to seek medical advice. If you look at the vaccination cards given to the people vaccinated, the phone number of the person that vaccinated you

is there as well as that of our Disease Surveillance Notification Officer. So, if you have any complaint, you call those numbers, they would alert us. We have also trained Area Council healthcare providers as well as designating hospitals for anybody who has any complaint, especially the ones that would call for serious issues, to visit places like Bwari General Hospital etc, where we have specialists. In the alternative, anybody who has any complaint could simply look at their vaccination card to pick the name of the vaccinator that is written there and give us a call. We would arrange an investigation to be carried out to see whether it is something that would warrant hospitalization or further treatment or whether it's just a mild fever that taking paracetamol would solve. So, that is it."

On the choice of JAMB for vaccination, he said, "We are here because the country has begun a mass vaccination campaign against the virus. We are well aware that the vaccination exercise started on 16th March and is still on, hopefully, to 14th May 2021 and, as such, big establishments like JAMB, with so many staff who come in contact with a large population of candidates should be given due attention. We made some advocacy and a request was made that we've come to vaccinate the staff, the security personnel as well as family members of staff of the Board."

JAMB REGISTRAR RECEIVES THE FIRST JAB OF COVID-19 VACCINE

The Registrar of the Joint Admissions and Matriculation Board (JAMB), Prof. Is-haq Oloyede undergoing documentation

The Registrar, JAMB, Prof. Is-haq Oloyede, has taken his first jab of the Covid-19 vaccine at the Board's Headquarters in Bwari.

The jab was administered on the Registrar in the presence of the Director of Primary Health Care, Bwari Area Council, Dr Ugorji Sunday Dumbo, and his team of certified vaccinators.

Before the administration of the vaccine, Prof. Oloyede was taken through the Agency's documentation process, which included the issuance of a card with provisions for house address, telephone number, among others.

After completing all necessary documentation, a client's copy of a green card from the Federal

Ministry of Health National Primary Health Care Development Agency (NPHCDA) was issued to him to proceed with the administration of the Covid-19 vaccination.

The client's card contained security code, phone number of the vaccinator, the type (make) of the vaccine administered (AstraZeneca), next date of appointment for the second jab and the final dose and a bar code in front of the card for authentication.

After taking the vaccine, the Registrar expressed satisfaction with the process declaring that he was sure of the vaccine's efficacy given the thorough

...2021 UTME: Fusion of NIN In Registration Exercise A Wise Decision As JAMB Nabs Impersonator

It would be recalled that the Board had repeatedly sensitised the public about the unwholesome activities of many of the so-called tutorial centres. It also noted that many of their instructors are merchants of examination fraud. More often than not, these tutorial

centres and their tutors are the bane of the fight against examination infractions in the country's educational system.

However, the Board on its part will continue to tighten its operational processes as well as partner with relevant agencies like NIMC to detect any

infractions to the system. As such all professional examination takers or 'mercenaries' are advised to stay away from the Board processes as it is no longer business as usual with the system geared to frustrating their antics no matter how audacious.

process it went through before being approved. He said, "I have to lead by example as the entire staff of the Board will want to take a cue from what I will do. That is why I came early to take my jab of the vaccine." He urged staff to take but

explained that nobody should be cajoled to take the vaccine against his will."

Immediately he took his jab, members of staff, including those who expressed apprehension initially came in droves to take theirs with some saying, "If the

Registrar can take the vaccine, then it must be safe."

Members of Management of JAMB, security operatives and non-essential staff of the Board also took their turn to take their jabs.

...2021 MOCK: Candidates' Mock Notification Slips Ready For Printing

The optional mock notification slips can be printed from anywhere that candidates find convenient provided they have internet access.

To print the slip, candidates are to visit <https://www.jamb.gov.ng> then click on e-facility and print their slips.

The slip contains the candidates' details such as registration number and most importantly the centre to which they are to sit the examination within their chosen examination town and the expected time to be at the centre.

Candidates need to print their slips and

study the contents to know the location of their centres as some candidates do not read the instruction on their slips only for them to be looking for the name of their examination town instead of their examination centre on the day of the exercise.

SIM LOSS: JAMB GIVES MARCHING ORDERS TO CBT CENTRES

The Joint Admissions and Matriculation Board (JAMB) has said that the desire to protect the sanctity of its examination and the security of the nation was responsible for the adoption of a strict policy concerning the use of the Subscriber Identity Module (SIM) cards the Board issued to Computer-Based Testing (CBT) centres on accreditation.

The Board's clarification came on the heels of an appeal from Zamfara State Polytechnic, Talata Mafara, about the delisting of its CBT centre which was effected in the wake of the loss of its SIM shortly after the conduct of the 2020 Unified Tertiary Matriculation Examination (UTME) Registration exercise.

The institution claimed that the handler had removed the dedicated SIM and put it in his mobile phone which he eventually

misplaced and pleaded with the Board to replace the lost SIM.

The Registrar JAMB, Prof. Is-haq Oloyede, while responding to the institution's request said, "It is the policy of the Board that once a SIM is lost, that centre is lost because the SIM is a very 'sensitive security device' and any unauthorised access to the SIM has some security implications for the Board's operational processes."

"Before the invocation of the "NO SIM, NO CENTRE" policy, the Board had had to contend with sundry reports of loss of SIMs which could have invariably led to examination security breaches."

Prof. Oloyede noted that the measure had, to a large extent, reduced the incidence of SIM loss or damage as centres became more cautious with the way and manner the SIM cards were handled.

The Registrar wondered why an operator entrusted with such a sensitive device would handle it with levity and urged the centre to hand over the culprit to law enforcement agents to ascertain the reason(s) behind his conduct.

The Registrar said, "Unless the officer is identified and prosecuted, the Board's policy will remain sacrosanct. The Board is not unaware of the fact that some owners may not have a hand in the loss but they must show sufficient steps taken to prosecute the perpetrator(s)."
